

Moddershall Oaks introduces Aveda Hair & Make-Up

AUTHENTIC BEAUTY

Moddershall Oaks now uses Aveda hair colour & make-up. We took this step because we recognised their goal in providing high performance, botanically based products that are better for both us and our guests, as well as for the planet.

We are joining with Aveda to help make our clients look and feel beautiful. Empowered by its unique mission, Aveda believes that authentic beauty works in harmony with the greater web of life and does not hurt any of the diverse life forms that the best beauty artist of all, Nature, created. Authentic beauty cares for the environment which has been inherited from elders and will leave to generations that follow.

FULL SPECTRUM COLOUR

The hair colour is up to 99% naturally derived therefore making it at peace with nature and damage free. Aveda has gained knowledge of colour from ancient tribes and only uses sustainable ingredient sources to create excellent hair colour whilst protecting the communities working to provide the crops.

There are three colour options available: permanent, semi permanent and enlightener (for high lift). Every colour is custom mixed and weighed to provide the most accurate colour mixture for perfect results every time.

Aveda hair colours have unlimited creative possibilities no other hair colour has the flexibility to be custom mixed, creating every shade of your imagination.

AVEDA MAKE UP COLLECTION

The Aveda make up collection uses exceptional ingredients with an everyday impact. The whole range has been designed so you can customise your make up bag to your own requirements with the refillable compacts you are free to change your colour choices as often as you like.

Remaining true to its mission, is one of the largest purchasers of organic ingredients and they set an industry benchmark with its environmentally friendly recycled packaging. Vibrant colour or subtle - nature wears it first!
