### Corporate Incentive Scheme

An incentive scheme is ideal for any company or organisation providing your employees with more motivation, increased energy levels, productivity as well as a sense of reward. The flexible schemes allow the employer to change the recipient each month to fit in with any type of reward plan.

We have three packages below for you to choose from which include a spa day per month plus unlimited access to all of our facilities, and a two course a la carte lunch in our restaurant as well as the stated treatment option. Each package has been designed to suite which ever incentive scheme your company or organisation requires.

Spa membership can be 'gifted' for a month should you not be able to use it for any reason. Please inform the Spa of the name of your guest along with their contact details. We'll do the rest! Companies and organisations can change the recipient each month should they wish to reward different members of their team.
